Pocahontas County Items.

We take the following items from the Pocahontas *Times* of last week :

Mr. Andrew McLaughlin, of Lewisburg, was in Pocahontas, this week. Mrs. C. Sydenstricker and Miss Mattie Curry have returned from an extended visit to relatives and friends in Greenbrier. Forest, young son of Mr. F. W. and Mrs. Annie Harper died Tuesday morning, aged about 16 years. Mrs. John E. Gum is very low with dropsy of the heart. During the past year John Bright raised 425 bushels of shelled corn with the hoe. The Development Company is having about 2,000,000 feet of lumber manufactured on Stamping creek, about 12 miles from Marlinton, which is to be hauled there. Last week was a good one for rafting, and Capt. Peters and Mr. Callison each took one out—Capt. Peters having a horse and buggy on his raft. Miss May Moore, daughter of Nelson Moore, was thrown from a horse on Sunday and fractured her skull ; she is doing well and will probably recovery ; she is about 16 years of age. Mrs. Henry Duncan, a daughter of Col. John Baxter, who was one of the most prominent of the citizens of Pocahontas, and who drafted the petition for the organization of our county, is in comfortable health. She is verging on ninety years of age.

We take the following items from the Pocahontas *Times* of last week:

When the *Courier-Journal* offered its prizes for the best guess at the vote of the last campaign, Mr. Henry Barlow, of Edray, made a calculation on which to base his figures for the entire vote of the United States, for which $10,000 was offered to the nearest guesser. He set the amount down in a day-book and finds now that if he had sent it in, accompanied with the almighty dollars, he would undoubtedly have won the grand prize, having only missed the result 2 votes. Miss Lucy Kincaid is governess in Mr. Gay's family. Mr. Joseph Barlow, sr., fell on the ice and was badly hurt last week. We have considerable sickness in this neighborhood. Mrs. Maggie Kelly is lying dangerously ill. Messrs. H. W. Burgess, J. B. Kennison and Marshall Peyatt are slowly recovering. Capt. W. L. McNeil still suffers a great deal from indigestion and heart trouble, but notwithstanding the Captain's indisposition his mind is remarkably clear, and his buoyancy of spirits and fondness for a good joke are just as characterstic of him as ever.

It is with pain that we announce the death of Mrs. Virginia Peyatt, who died at her residence here on last Friday morning, the 8th int., in the 76th year of her age. Although she had been in feeble health for a long time her death, preceded as it was by only three days sickness, was a shock to the community. She was greatly attached to her husband, Mr. Marshall Peyatt, whose snowy locks and tottering frame remind us that he must soon join her in the great beyond. Her married life covers a period of 57 years, and during that time she and her husband have lived most happily. In fact a more affectionate couple never lived. She had been a member of the M. E. Church, South, for many years, and was a good woman, circumspect in all the walks of life and highly esteemed by all who knew her. Three children—Mrs. Lizzie Isbell, of this place, and Wm. and

Coal has been discovered on the land of Margaret Renick, colored, who lives about 2 miles from here on the Greenbrier river. The outcroppings indicate good coal and a vein of considerable thickness. If the coal is good and plentiful, it will pay the parties who own it to develop it, as the people of our town and surrounding country who get their coal from points so remote, and of such poor quality, would consume large quantities of it. The spot where the coal is found is more inviting to the lover of nature's freaks than to the miner, but it can be easily gotten out.

Yours truly,

ALF. M. FULLER.

Washington, D. C., *Jan. 20th*, '97.

Hillsboro, Pocahontas County. Items.

The thermometer registered 4° below zero on last Monday morning, and those who have ice-houses are filling them with ice about four inches thick.

The grip is prevailing to an alarming extent throughout this section of country. Every member of some households is stricken with it, one not able to wait upon the other. It clings to its victims with wonderful tenacity, and on the cupboard shelf vials of medicines, cups of boneset and lifeeverlasting, teas and mustard plasters remind one that it requires heroic treatment to loosen its hold. To the dwellings of the well to do and the cabin upon the mountain side our physicians are going day and night administering relief to the afflicted ones. We are glad to state that we have no very serious cases at present.

Mr. Wm. Pritt, who lived a short distance from here, died on last Thursday, the 21st, from paralysis, aged about 65 years. He leaves a wife and several small children. He had been a hard worker during his lifetime, and at such

work as chopping, making rails and clearing land had few equals. On the hill sides and on the low lands are small tracts of land from which his sturdy axe removed the heavy timber, and which will ever stand as monuments to his memory.

Mr. D. A. Peck received a letter from his brother, who lives in Nicholas county, stating that John McClung, who lives near him, and who has been in bad health for some time past, had ordered his coffin, and made all neccssary preparation for his burial. Mr. McClung evidently has strange notions about things. He might possibly be able to write his name in the dust on his coffin yet before he crosses the dark and rolling river of death.

Subscription papers can be found at the stores of E. H. Moore & Co. and E. I. Holt, soliciting subscriptions of money to build a fence around the McNeil cemetery. This is a move in the right direction. It is something we are nearly all interested in, and something that has been sadly neglected.—We are grieved to see so few names on the papers. Can it be possible that there is any one who will refuse to contribute 25 or 50 cents? Can we believe there are persons in this community so lost to a sense of duty to the dead—so

Can it be possible that there is any one who will refuse to contribute 25 or 50 cents? Can we believe there are persons in this community so lost to a sense of duty to the dead—so lost to the memory of the sweet ties and associations that bind them to loved ones—as to refuse to lend a helping hand to this worthy movement? God forbid. Go to the McNeil cemetery and note its condition, look at the rotten, tumble down fence, through which horses and cattle pass in and out at will; look at the once nicely-rounded mound, upon which loving hands had planted beautiful flowers, disordered and trampled flat; look at the broken tombstones and the brush, briars and weeds growing in wild profusion—who of us can look emotionless, indifferent and without indignation upon such a scene? Isn't it a burning shame—a blight and a mildew upon the good name of our community. Let us remove it. Let us build the fence and fix up the graves of our loved ones who have passed away. We leave the matter with the good, the intelligent, the Christian people of this community.

On last Saturday morning the thermometer registered 12° below zero—the coldest we have had.

For three days last week the Greenbrier river near the mouth of Stamping Creek presented a scene of wonderful activity. There were 40 men engaged in cutting ice and 30 teams hauling it away to the ice-houses. The noise made by the men, horses, wagons, saws, axes and hoes was immense. Great merriment prevailed among the ice-cutters, not one seeming to mind the freezing ice or the cold biting wind, and when an unfortunate one slipped and fell on the ice or into the vat, from which it had been cut, the whoops and yells that were indulged in at his discomfiture could be heard for miles up and down the river. Mr. Lee Clark by some mishap or other got wet and his mitten froze to his hand and one of his

point is wide and deep, making it an excellent place to get large quantities of ice. The ice gotten was from 4 to 11 inches in thickness. There was more of it put up this season than we have ever known in the history of ice getting here.

The dread monster death still continues to visit us, taking one here there. Mr. Harvey Curry, an aged and highly respected citizens of Green Bank, died suddenly at his home there on Wednesday, the 24th ult. We have not been able to learn the particulars of his death. His son, Geo. R. Curry, living close here, did not hear of his death in time to attend the funeral obsequies.

Mr. Richard Mathers died at his home near Mill Point, from grip, on Tuesday, the 26th. He was an old man, presumably about 75 years of age, and, though somewhat eccentric, was a good man, possessing many admirable traits of character. He was unmarried and has no relatives living here or elsewhere

workman. His remains were laid to rest in the Marvin Chapel cemetery on last Thursday, the 28th.

A colored woman, the wife of Charlie Sprow, liying on Mr. Cameron Clark's place, near town, died on the 26th ult., from a cancerous disease of the stomach, aged about 30 years.

There was considerable excitement here on last Saturday, the 30th, over a law case of John Cleek and Geo. McComb. It seems that a cow belonging to Mr. Cleek had been trespassing on Mr. McComb's lands, and his boy so beat her up with a stick and cut her with a corn cutter that she died soon after from the injuries inflicted. Mr. Cleek sought redress at the hands of the law, and was given a hearing along with McComb before Justice G. R. Curry.—Attorney W. A. Bratton, of Marllnton, appearing for the defendant. With the large number of witnesses on both sides and the spectators, who had gathered to

crowd, and the snow in front of Justice Curry's office was tramped clear out of sight. After an impartial hearing of the evidence on both sides, the case was decided in favor of Cleek, and a judgment given him for $25 and costs. McComb, not being satisfied, appealed to a higher Court.

The case of Wade and Williams was also disposed of. K. O. Wade has the contract for keeping in repair and collecting the toll on the road over which John Williams' mail contractor carries the mail from Falling Spring to Academy. Williams refused to pay his toll. There differences were settled by a compromise, Williams agreeing to pay Wade $25 and the costs.

A colored woman, the wife of Charlie Sprow, liying on Mr. Cameron Clark's place, near town, died on the 26th ult., from a cancerous disease of the stomach, aged about 30 years.

There was considerable excitement here on last Saturday, the 30th, over a law case of John Cleek and Geo. McComb. It seems that a cow belonging to Mr. Cleek had been trespassing on Mr. McComb's lands, and his boy so beat her up with a stick and cut her with a corn cutter that she died soon after from the injuries inflicted. Mr. Cleek sought redress at the hands of the law, and was given a hearing along with McComb before Justice G. R. Curry.—Attorney W. A. Bratton, of Marllnton, appearing for the defendant. We have had a heavy rainfall, which, with the melting snow, has made big waters. The river is breaking over its banks in some places, and grave fears are entertained that property along its course will be damaged ere it subsides.

One of the saddest deaths that has occurred in our town for some time was that of little Herbert, son of Dr. and Mrs. J. A. Larue, who died at his home half past three o'clock on last Saturday morning, the 20th, in the 12th year of his age. The evening before he was unusually cheerful, and did not complain in the least of feeling unwell. The next morning he was lying in the cold embrace of death. Although his health had not been good for some time his death was unexpected at the time and its suddenness a great shock to the whole community. Epilepsy, accompanied by paralysis, was the cause of his sudden demise. Herbert was a

the tenderest sympathies of the heart. All day long the house of mourning was crowded with people looking for the last time upon the dear little fellow and trying to console the bereaved ones. His remains were interred in the Oak Grove cemetery on Sunday, the 21st with impressive ceremonies. The bereaved family have the heartfelt sympathy of the entire community. Let them rejoice in the consolation that he is "Safe in the arms of Jesus."

Last week Bob Fitzsimmons pounded Jim Corbett into submission in the prize ring at Carson City, Nev., another revolting exhibition of brutality and immorality that has shocked every body in the whole country except the pugnacious violators of the law and good morals who engage in it and sanction it. That prize fighting is a growing evil in this country no one can deny, and that its influence is most immoral and debasing no one can deny. It behooves the authorities in every part of the country to be wide awake to this evil and stamp it out at its inception. It is demoralizing and offensive to the spirit of religion and civilization. It should be abolished, and we can help do it by joining in the public opinion that condemns the degrading and brutal practice. If it isn't

it became frightened and threw him, his foot hanging in the stirrup. He was dragged about the place for several minutes before he could extricate his foot. His cries brought a good many persons to the scene of the accident, and he was picked up and carried into a house near by. Dr. F. J. McClintic was sent for and upon examination found two of his ribs broken on the left side and some other slight bruises about the body. His injuries, while very painful, are not regarded dangerous by his physician. He was sent home on a sled, and is getting along as well as could be expected.

To see a cat or dog catching mice is a common sight and we pay but little attention to it, but when a bird, and especially a small one, is found mousing, we at once become interested and regard it as a strange and uncommon thing. J, W. Beard, while having some corn husked recently, noticed a small bird sitting on a corn shuck near by. Thinking strange of it being so near where his hands were at work he watched it and found that it was catching mice. When a mouse was found uncovered by the removal of a corn shock the bird would swoop down on it, hammer it to death with its beak, and fly away with it. In a short time it would return to where the men were at work. And during the time they were engaged in husking corn it followed them from place to place, out of one field into another, killing and carrying

them from place to place, out of one field into another, killing and carrying away mice whenever the opportunity offered. Mr. Beard does not think that it ate the mice but simply carried them a short distance and dropped them. He says he could not make out to what species it belongs. In size it was a little larger than the common bluebird and shaped very much like it. It was swift of wing, and would sight a mouse at a distance of a hundred yards or more.

A yearling deer nearly exhausted from long running ran by M. A. Dunlap one day last week as he was coming down Stamping creek. He gave chase on his horse and pressed it so closely that it sought refuge in a pool of water. He plunged in after it and when close to it took the bridle of his horse and securely lassooed it. He brought it home and gave it to R. K. Burns, who didn't have the pleasure of keeping it but a short time until it died from the effects of the chase.

Three to be Hung.

In the Criminal Court of Fayette county, on the 22nd, Clark Lewis and Albert Voiers, charged with the murder of Chas. Gibson, were found guilty and sentenced to be hung on the 25th of June. The Court had already fixed that day for the hanging of Jerry Brown, who assaulted Mrs. Radford at Deepwater last July. Wilbur Slaughter, implicated in the murder of Gibson, was sentenced to the penitentiary for life. The wife of Gibson confessed to murder in the second degree and her sentenced will be fixed later. Quite a number of others belonging to the cutthroat Montgomery gang are under indictment for the murder of Gibson and John Cochran, and it seems probable now that the number of the gang to be hung June 25th will be largely increased. If the Criminal Court keeps up this lick very long the Republican majority in Fayette will soon disappear.

On the lands formerly owned by Elisha Morrison, not far from the waters of Hill's creek, in a secluded spot, where lofty hills cast their black shadows over huge trees, uprooted by storms, and lying in disordered heaps, is a lonely grave. No tombstone records the the name of the poor unfortunate who has been laid to rest in that out of the way place. No one living in that section of country knows anything about the grave or whose remains it contains. Everything connected with it is wrapped in mystery, and perhaps will be until the silent sleepers of every land and nation shall be called on the resurrection day.

Among the improvements contemplated in this community during the summer is a dwelling house by J. D. Payne, one by Oliver Auldridge, one by Geo. Lewis and a plank walk, a quarter of a mile in length on Main street, by the town.

Wm. Miller, who lives a short distance from here, informs us that one of his hay-stacks was carried off by the wind on last Saturday, the 11th. He was at work in a field near home when a whirl wind started near him with such terrific force that when it reached a haystack in its path it lifted the stack from the ground and carried it a considerable distance, scattering the hay all over the ground. The hay was stacked around a pole, which was also wrenched from the ground and carried with the hay. This approaches nearer to a cyclone than any winds we have ever had here.

A CORRESPONDENT writes us from Morgantown as follows:

The W. Va. University has now an attendance of about 400 students.—There will be at least 500 altogether.

The new president, Dr. Jerome H. Raymond, is a man of great power and ability. He is already immensely popular.

New courses leading to the degrees of Bachelor of Philosophy and Bachelor of Letters have been added, and the regular Classical, Scientific, Engineering, Law, Commercial and Agriculture courses have all been strengthened since last year. One more year of Latin and two more of Greek have been added to the A. B. course, making it one of the highest in the country.

The Greenbrier boys are doing nicely.

Building and Loan Companies.

A case is now pending in our Court of Appeals which is of vital interest to Building and Loan Companies doing business in this State. It went up from Parkersburg where a sale of property was ordered by the Building and Loan Co. for the payment of dues and interest. The plea of usury was put in and the Court of Appeals will, it is said, be called upon to determine whether the Company's contracts made with its stockholders or with those who borrow from it are indeed usurious.

By some building and loan men this is regarded as a test case involving the existence of all the building and loan associations in the State, for none of them can live on simply six per cent. By others it is considered merely a question as to whether the association in this case—a foreign one—has complied with the laws of the State, an opinion of Judge Greer's, delivered some years ago, holding that building and loan

We are undegoing a severe drouth.—Corn is drying up but not ripe, and water for stock very scarce, and some are compelled to carry a distance to cook with. Grass is brown and some are feeding their stock.

Earl Arbogast is ill with typhoid fever, and C. B. Collins is also on the sick list.

Harry Moore, of Dunmore, while out squirrel hunting last week had the misfortune to get a load of shot in his leg from the hands of E. H. Jackson accidentally. Drs. Moomau and Austin were hastily summoned and he is now doing well. He only had about 250 shot in his leg.

Mrs. F. L. Cackley of Mill Point, Mrs. Harvey Nottingham and Mrs. J. H. Curry of this place, are off on a visit to Pickens, Randolph county, at this time.

Driscol and Whiting will run a log camp near Traveler's Repose this winter.

On last Tuesday, the 9th inst., our usually quiet little town was wild with excitement when the ringing of bells and shouts of "fire! fire!!" was heard on our streets. After the alarm, it was soon discovered that Dr. F. T. McClintic's house was burning, and there was a general rush to the burning building only to find that the devouring flames were beyond control.—The fire started from a defective flue in the kitchen part of the house and had gotten a big start before being discovered. There was also a terriffic wind blowing at the time, which caused the fire to spread rapidly, and to roar and crackle so as to be heard quite a distance. All of the household goods were saved except the kitchen furniture and some canned fruit, wine and other supplies that were in the cellar underneath the kitchen. Owing to the wind it was thought that some stables and the Presbyterian church nearby would surely be burned, but were saved

Dr. McClintic's property was insured; therefore his loss will not be a heavy one. He had contemplated building before the fire, and had engaged a great deal of his building material. Since his misfortune he has rented the McIlwee and Taylor house, and is now comfortably ensconced in his new quarters. We have been very fortunate in the matter of fires—this one being the third in the history of our town.

One Clinton Mann was arrested at this place recently and lodged in the Marlinton jail on a charge of embezzlement near Danville, Ill. The authorities at Danville were notified of his capture, and last week Deputy Sheriff Sloan, of that place, arrived here with requisition papers and took him back to answer the charge against him.

Mrs. Virginia Sharp and two little daughters, Mary and Ruth, arrived here last week from Wyoming. Mrs. Sharp will spend the winter with her mother, Mrs. A. S. Clark, of this place.

The matrimonial market is booming here. On last Wednesday, the 10th, W.. C. Morgan and Miss Fannie Hill were united in marriage by Rev. S. C. Morgan, at the residence of the bride's mother, on Hill's Creek ; and on the same day, at the residence of the bride's parents on the Greenbrier river, five miles south of here, Mr. —. Ramsey and Miss Myrtle Perry were made one. On last Thursday, Wm. Hartly, with Miss Maggie Sharp leaning on his arm, rapped on Dr. D. S. Sydenstricker's door and asked to be joined together.— The Doctor tied the knot for them in his impressive way, and they left with smiling faces. To each of the happy couples we extend congratulations.

Christmas has come and gone again, and we are standing upon the threshold of a New Year. Will it be one of happiness and prosperity, or one of sorrow and disappointment? Much depends on how we act our part. If we take advantage of the great opportunities it offers of doing good, of rendering ourselves a blessing to society, or in any wise making our lives useful it will certainly be full of sunshine and replete with thrilling pleasurers.

We are having some winter weather. On Christmas morning the thermometer registered 4° aboye zero, and on the night of the same day snow fell to the depth of 4 inches. The snow in the Cranberry country is 10 inches deep and the drifts in many places fiye feet deep.

H. W. McNeil has sold his farm near here to Messrs. J. H. and Alex. McNeil. Price paid, $60 per acre.

E. H. Moore, of our town, has gotten a position with Armstrong, Cator & Co., of Baltimore.

There will be a meeting of the citizens of Hillsboro on Tuesday, the 28th, for the purpose of nominating a ticket for Corporation officers for the ensuing year.

Capt. A. M. Edgar, whose right hand is giving him a great deal of pain from something like paralysis, will start soon to the John Hopkins hospital in Baltimore for treatment.

Wm. Miller, one of Mill Bun's Society leaders gave a dance on the night of the 25th, which was attended by quite a number of fun-loving youngsters, who tipped the light fantastic toe until the old rooster in the barnyard heralded the approach of day. Christmas comes but once a year, etc.

Nearly all the ice houses in this community were filled with ice during the recent cold snap. The ice was taken from near the mouth of Stamping Creek on the Greenbrier River, where perhaps a hundred men and teams can work without interfering with one another. The ice which was thick enough to hold up heavily loaded wagons gave way to the heavy rains of last Saturday and Sunday and now hardly a vestige of it remains.

The dances last week at Joseph and Alex. McNeil's were largely attended and hugely enjoyed by the young people of this community. The youth and beauty of the Levels composing the delightful cotilion, and gracefully and joyously stepping to the charming strains of the piano, violin and banjo carried us back to the seventies, when dancing was the most popular of all the holiday amusements. Dancing, when kept within proper bounds is a harmless and delightful pasttime, and we are glad to see it taking the place of the foolish "Who has the button" and "Sister Phoebe" parties.

John Peters who has a logging contract near the Burr place, and is working about 50 men will get through sliding in about two weeks. There will be logs enough for about four million feet of lumber.

On last Wednesday, the 5th, at the residence of the bride's parents, on Droop Mountain, John Conly and Miss Blanche Scott, were united in marriage by the Rev. J. H. Dills. More to follow.

Wm. Hultz White out with a party hunting rabbits last week, stumbled over some brush and fell, discharging his gun which was loaded with large

sleeve. The sleeve was powder burned its whole length and the charge must have passed close to his head. It was a narrow escape and "Billy" will no doubt in the future look out for stumbling blocks and keep the muzzle of his gun well in advance of him.

Johnathan Cochran and wife, who live on Williams River, have separated owing to infidelity on the part of Mrs. Cochran. They have seven children, some of them small, who are with their father grieving over the absence of their sinful mother.

Capt. A. M. Edgar is expected home this week from the John Hopkins Hospital, Baltimore, with his hand and general health much improved.

The sad news has just reached us of the death of Rev. S. C. Morgan, which occurred at Falling Spring on last Friday, the 7th. Mr. Morgan was a good man, an earnest and sincere Minister of God and highly esteemed by every one who knew him. Peace to his ashes.

URIAH HEVENER, one of the most widely known citizens of Pocahontas, was severely injured by a fall of his horse last week, and is still in a precarious condition. He was on his way to mill carrying a bag of grain. Opposite the residence of William L. Brown there is a very steep bank. In riding down this his horse tripped and fell throwing him on ahead and the sack of grain on top of him. It is thought that the horse struck him with an upward motion of his head as he fell. Mr. Hevener set the grain up on the road side and started through the fields to head off the horse which had gone back towards home. He had walked and run a good distance when a neighbor shouted to him that he had caught the horse. Just as he stopped he collapsed, and lay in the field on the cold ground until he could be carried home, and was thoroughly chilled. Mr. Hevener is about seventy years old and the accident was most serious for one of his years.—*Pocahontas Times.*

But while the crowd was making desperate efforts to get to the fire, which was out in the suburbs, Thomas Mann, colored, who lived near Mr. Byrd's, went into the garret and with an axe knocked the burning shingles off into the snow which covered the roof and put the fire out. The loss of a few shingles was all the damage.—The roof caught from fire escaping from an old flue on the inside of the building.

On the nights of Monday and Tuesday, the 27th and 28th ultimo, a very strange and unaccountable occurrence took place at the house of Geo. Lewis, who lives about a mile from here. On Monday night about 9 o'clock, while Mr. Lewis and his family and two neighbors (Alvin Burr and C. A. Rodgers) were talking around the fireside a great noise was heard on the outside and almost at the same instant an awful looking something, with enormous claws, teeth and eyes and demoniacal expression of face, appeared at one of the windows. The men, much excited and catching up anything they could find to defend themselves with, rushed from the house to make away with the hideous visitor, but to their great astonishment found nothing. They couldn't see or hear anything — not even a track could be found—and very strange to say Mr. Lewis's dogs, which are very fierce and noisy, made no outcry whatever. cry whatever. Mr. Lewis was considerably stirred up over the strange visitation and requested Mr. Burr and Mr. Rodgers to be present on the night following. Therefore the same persons assembled in the room Tuesday night. The blinds were tightly drawn and the conyersation drifted to the disturbance of the night before. While talking it over Mr. Rodgers remarked that it was about time for the ghost. His lips had hardly closed when the house was jarred so heavily that it trembled all over and strange sounds and dreadful groanings seemed to come from the outside near the windows. Mr. Burr put up one of the window-blinds and looked out, when the dismal noises ceased and he saw what appeared to be a white cloud, shaped like a piano, floating in the air within a few feet of the house. Mr. Burr went outside and called to Mr. Lewis to come and see it, but it faded into nothingness before he reached the door. There was no further disturbance. The veracity of the parties whose names we have given cannot be questioned and they are greatly perplexed and troubled over what they have seen and heard. While we have no solution of it we cannot attribute it to any supernatural agency as some have, and hope that something will develop to clear it up.

The relentless monster death has again visited us—taking one here and another there.

On last Friday, the 8th inst., Jacob Simmons died at his home near Williams' river, aged about 65 years. It will be remembered he was subject to kleptomania, and while taking some leather from Ellis McCarty's tannery last fall was apprehended, and from that time he began to decline. The crime together with illhealth and family troubles so preyed upon his mind that he gradually wasted away until death relieved him of his sufferings and his soul winged its fiight to the God who gaye it, and whose word teaches there is none perfect; no, not one.

On last Monday, the 11th inst., John Jordan Beard died at his home in Huntersville of la grippe. Mr. Beard was well known throughout the county.—He served a long time as Clerk of the County Court, and held other positions of trust. He was an honest, upright man, an exemplary christian and stood high in the estimation of all who knew him. Space forbids us to give in detail the eventful life of this noble man.

On last Monday evening, the 11th, about three o'clock, that dread disease consumption ended the life of Orin Slaven, who lived near Mill Point. It has been but a short time since he worked in the *Times* office at Marlinton, and was looked upon as a promising young man. He leaves many friends to mourn his loss.

On last Wednesday, the 6th, Jacob Kellison, an aged and highly respected citizen, died at his home on Bruffey's creek. His death resulted from general debility and the ills attendant on old age. He was a useful man in the community in which he lived.

On last Thursday, the 7th, Calvin Spence died at the residence of his brother, G. W. Spence, on Greenbrier river, a short distance from here, of epilepsy, aged about 38 years. His remains were interred in the McNeil cemetery on last Friday.

On last Saturday, the 9th, Mrs. Pet Loury, wife of James Loury, died at her home near Huntersville, aged about 55 years. She was an estimable lady, and leaves many friends and relatives to mourn her loss.

Mrs. Spitzer died at the home of her son, Samuel Spitzer, near Renick's Valley, last week, thus swelling the number to seven persons who have died within one short week. What a strong reminder of the certainty of death and the transient life of man.

"Oh, why should the spirit of mortal be proud?
Like a swift fleeting meteor, a fast flying cloud,
A flash of the lightning, a break of the wave,
Man passes from life to his rest in the grave."

John Ronan, a young man who attended the public schools here three or four years ago, now belongs to the U. S. army, and is stationed at Key West. Jas. Jordan, of this place, received a letter from him recently stating that the war feyer is running high there, and everybody eager for the fray.

A party of railroad engineers will start from Marlinton this week and follow the river to Ronceverte, with a view to determining whether the river route will be a practicable one for the Greenbrier Valley Railroad.

From the Kanawha *Gazette's* Marlinton letter, dated April 27th, we clip the following:

The only man to enlist so far from this section is Joe Grant, a lumberman, who has been working in the camps on Williams river.

A good many of his friends are trying to get L. M. McClintic, the prosecuting attorney of this county, to run for Congress on the Democratic side but it can be authoritatively stated that he has no aspirations in that way whatever. He would make a very available candidate, and it is thought that if Pocahontas countyis to be recognized by a nomination any time soon, it will be through him, as he is something of a power in politics.

This county will in all probability go solid for Judge A. N. Campbell, of Monroe county, for Congress in the Democratic convention. As judge of this circuit he greatly endeared himself to the people, and in 1896 ran ahead of his ticket, receiving a number of

There are fine crops of corn throughout this county. In the Levels there will be a heavier yield than for many years. The wheat that is stacked out has been badly damaged by the rain.—T. A. Sydenstricker hauled 17 loads of rotten wheat away from his ricks, and the sides of nearly all the wheat stacks are green with growing wheat.

Mrs. Ada Payne is very ill with fever. Wm. T. Beard, James Burnside and Geo. Clark are also confined their to homes with sickness.

On Wednesday morning, the 31st ult., Mr. Wm. Hultz and Miss Amanda Bishop were united in marriage in the Methodist Church in this place, by Rev. J. H. Dills. We extend to this young and worthy couple our congratulations, and sincerely wish them a long and happy life.

The telephone line from Ronceverte to Marlinton is now an assured fact.—A great many of our people are going to take "Phones," and we think it will prove a great convenience to everybody along the line.

Last week Isaac Jackson, who lives a short distance from here, killed the largest black rattlesnake ever killed in the Levels. It was 4 feet long, measured 9 inches around the body and had 12 rattles. There hasn't been a snake of its kinds seen or killed in the Levels for a great many years. They are plentiful in some places on the river hills, east of here and on the Vine Mountain, west of here.

Our school building has just been repainted inside and out, and with the exception of the outside coats having been mixed too thin to cover well, the painting is good, and greatly improves the appearance of the building.

Lee Beard threshed 462 bushels of wheat off 14 acres of ground, a yield of 33 bushels per acre. Some of the wheat was so badly damaged by the wet weather as to render it unfit for threshing.

aged 80 years, and Birdie Coulter, aged 24 years, were united in marriage by Rev. Jacob Perry. After the marriage ceremony the following dialogue took place between Josiah and Mr. Perry: Josiah—"I'm obleeged to ye, parson, and as soon as I git some corn that is comin' to me I will pay you. That corn must come now and no foolin'." Mr. Perry—"All right; good day." Josiah—"Hold on, parson. Won't yer stay fer dinner?"—Mr. Perry—"No, thank you; good morning." We very much regret that the Doctor, on account of sickness in his family and insufficient remuneration for his professional services, has decided not to remain here. During a residence and practice of twenty-one years he has endeared himself to the people and proven himself to be a physician of wonderful ability. The many friends of James Burnside will be grieved to hear of his death which occurred last week at his home near here on Greenbrier river. Mr. Burnside had been a great sufferer from rheumatism and other complicated diseases for a number of years. During the last year of his illness he was unable to walk, and often had to be turned in his bed, but he never murmured, and bore his great affliction with wonderful fortitude. He was a good citizen, an upright and honorable man, who, during his long sojourn here, so let his light shine that others seeing his good works could not help but profit thereby.—Space forbids us to give in detail the life of this noble man. He was aged about 76 years, and leaves a wife and six children to mourn their loss. He was a brother of Mrs. Margaret Wei-

During the recent snow storm M. F. Gum, of this place, while returning from McClintic's Camp, lost his way in the Black mountains and wandered about for several hours in the bitter, blinding storm. Finally by a storke of good furtune he found Newton Landes' house, where he remained uutil the furry of the storm subsided, and then came home with his feet frozen and swollen to twice thoir natural size, and suffering untold agonies.

The Buckeye team was more than a match for ours in size and weight, but they soon discovered that it amounted to nothing without science and training, which won the day for our boys by a score of 2 to 0. The playing at times was terrific and Geo. Jackson, of the Buckeye team, was knocked down and bruised so badly about the ribs that he has not been able to do anything since. There was quite a number of spectators present, many of whom were considerably excited.

S. J. Payne has finished a logging job of 70,000 feet of oak and pine near what is known as the Bass Rocks on Greenbrier river. The Bass Rocks, so named from being a favorite haunt of the black bass fish, are noted for their environment of beautiful scenery. Great cliffs stand sentinel-like, their sides and summits decorated with moss, clinging vines and the rich green of the pines, while below them the music of the rippling water falls upon the ear in enchanting harmony. The fame of the Bass Rocks as a deer stand has reached far and wide in this section of country —more deer having been killed there than at any place on the river. About eight years ago the writer, hearing of a deer chase went to the Bass Rocks and found Thomas Rigsby on the stand.—After waiting, perhaps, an hour the voices of the hounds were heard making

both hammers of his shotgun, which was heavily charged with buckshot. Suddenly a great splash in the water announced the fact that a large buck deer was in the river and coming directly toward us. Mr. Rigsby waited until he came within easy range and inadvertently discharged both barrels of his shotgun at the same time, receiving for his indiscretion a rebound from the gun, which knocked him senseless and bleeding to the ground; the deer, pierced by a dozen shot, bounded in the air and dropped dead on the rocks within a few feet of the old man, who was seemingly dead. He, however, soon became conscious, and staggering to his feet and wiping the blood from his cut and bruised face, said: "I'll never load 'er that way again."

The corporation election held here on the 5th day of January resulted in the election of the following officers, viz: Mayor, Dr. C. W. Eskridge; Recorder, J. H. Clark; Councilmen—James K. Bright, E. I. Holt, S. J. Payne, W. M. Burns and G. L. Clark.

We have been having some extremely cold weather—the coldest we have had in many years. The snow is 26 inches in depth here, and in the Cranberry and Black mountain country, from 3 to 3½ feet. On last Friday morning, the 10th, the thermometer registered 21 degrees below zero, and to-day, the 12th, is still very cold and the snow drifting so badly as to render some of our roads impassable. Not a few persons have had their feet and ears badly frozen. G. L. Clark's dog, which he highly prized, was found dead in his kennel—frozen stiff. It is thought that small game of the feathered tribe have suffered greatly. The ground hog prophets are all loud in their expressions of "I told you so! I told you so!"

On last Friday, Saturday and Sunday the thunder rolled, the lightning flashed and the rain poured down in torrents. Wells, cellars and ponds overflowed, and the plankwalk on Nicholas street was completely submerged for a hundred yards or more. The small streams rushed madly dowd the mountain sides, in some places carrying fences with them. Greenbrier river was greatly swollen and nearly up to the watermark of last summer. Great anxiety was felt by those living near it at this point until it began to fall Sunday evening.

Col. R. S. Turk, editor of the *Spectator*, who has been absent from home since February 14th, spent Sunday in Staunton, but returned Sunday night to Baltimore, where he is assisting in closing the sale of a large amount of West Virginia lands lying in Pocahontas and Randolph counties. It is understood that probably 150,000 acres will pass in the deal, and that the price paid will possibly reach $1,000,000. He stated that this purchase is one of the most important ever made in the State, as it is the entering wedge to the purchase of the town site at Caldwell, W. Va., the building of a large plant for the manufacture of pulp there and the building of a railroad from Caldwell north through the counties of Greenbrier and Pocahontas. The value of this railroad to Pocahontas county will be incalculable. The county is now forty miles from a railway station. The road if it follows the Greenbrier will about halve the county, and give it railway facilities no other county in West Virginia possesses. The county is about 60 miles long by about 20 miles wide and Greenbrier river divides it into two nearly equal portions, and this will place every citizen of the county within at least ten miles of the railroad and place more actual miles of railway in that county than any other county in the State. The windings of the river will make the actual miles something like eighty and will put hundreds of thousands of dollars into it which could not be sent there by a road built in any other direction.—*Staunton Spectator.*

Benjamin A. Richmond, chief attorney for the West Virginia Pulp and Paper Company, has put a quietus on the many rumors concerning the intentions of the company by stating that they are going to move from Luke, Alleghany county Md, as soon as their mill in Greenbrier county, W. Va., is completed. This, he adds, they have determined upon whether prosecution for Potomac pollution is abandoned or not. This, he says, is final. A similar statement has been made by Mr. Dayid L. Luke, Treasurer and Manager of the West Virginia Pulp and Paper Company. The new Greenbrier plant, work on which has commenced, will be at Caldwell, not far from Lewisburg, on the line of the Ches. & Ohio Railroad, and within six miles of the White Sulphur Springs, in West Virginia. It is stated the building will be made largely of steel and wlll cost over $1,000,000.—The intention of the Messrs. Luke is to make it the largest pulp plant in the United States. A railroad will be constructed from Lewisburg to Caldwell, which is on the Greenbrier riyer.—*Baltimore Sun, of the 27th inst.*

We have been informed that a move is now on foot to stack forty million feet of lumber on the streams of Sugar creek, Kerr's creek and other tributaries of Williams river. Operations will begin at once. Supplies will, in all probability, be brought from Hot Springs, Va., a distance of fifty miles. It has been reported that Samuel Gay has secured the contract for the hauling, and that James Sheets will furnish feed for the camps. John R. Butler has contracted for the building of roads, which will cost about $5,000. H. Nathan has been engaged to repair the big dam on the river, which has not been operated for twelve months. When he gets through repairing the dam, he will go to Chicago to purchase stock for W. G. Gray, foreman for the Gauley Co. It will require 50 teams and 300 men to complete the work for next spring's drive. The contract for the year's furnishings will amount to about two hundred thousand dollars, fifty per cent of

The contract for the year's furnishings will amount to about two hundred thousand dollars, fifty per cent of which will be expended for farm produce, and will create a market for hay: grain, meat, butter, eggs &c., which should be confined to this county. Our farmers should make an effort to furnish what ever supplies may be needed and thus secure the money that would otherwise go out to other places, "Strike while the iron is hot."

It is with pain that we announce the death of Henry W. McNeil, youngest son of Capt. W. L. McNeil, which occurred at his home here last Monday morning. He had contracted a cold which terminated in a bad case of pneumonia which resisted every effort of his physicians to alleviate. Mr. McNeil was in the 28th year of his age, and a young man of many excellent traits of characterr He was a successful farmer and financier, and his life was ever characterized by deeds of kindness and generosity. No one ever asked Henry McNeil for a favor that he did not grant, were it possible. Everybody liked him; he had no enemies. His death has cast a gloom over the entire community. This community was greatly shocked on last Sunday morning upon hearing that John W. Burgess, who lived a short distance from Mill Point, had dropped dead in the road near his residence.—He complained of feeling unwell, and told his wife he would walk about some and maybe he would feel better. He started down the road toward Mill Point, and had gone but a short distance when he sank down and expired without a struggle. His death was caused by heart failure. He had been suffering from heart disease for quite a while. He was about 35 years of age, and stood high in the estimation of all who knew him. He operated Isaac McNeil's steam flouring mill at Mill Point for a number of years, and was an expert at running and keeping in order all kinds of machinery. A wife and two children survive him.

swarm, and many did not succeed in adding to their stock a single colony. However it has been a notable season for the bee-farmer, and the stores of honey secured are great. One hive, belonging to the writer, yielded a surplus of 112 pounds, and three others about 84 pounds each. James Gibson, on Elk, secured 1,200 pounds. Those who have a sufficient number of colonies consider it a fortunate circumstance when bees show no disposition to throw off swarms and thus devote their full strength to the storage of honey in the parent hive.

Allen R. Kinnison closed with the railroad company for the right of way at $2,040; the company is to build him a road out, and he is to release his right to fences. He owns a long, narrow farm on the banks of the river, the bottoms being something like three to five hnndred feet in width and over a mile long. He is a good farmer and has his place in a good state of cultivation.—The center of the line runs through his house, which is a comfortable residence of a story and a half, and over which he he has trained the finest grapevine in the country. The line also takes about half a mile of his private road. He will build a road up the mountain and out through Alvin Clark's place. The right to fences, which he released to the railroad, is estimated to be equivalent to $1,500.

It becomes our painful duty to chronicle the death of Miss Mollie Kinnison, which occurred at her home near here on the 29th of last month in the 20th year of her age. She had been in feeble health for a year or more, but notwithstanding that fact her death came suddenly and unexpectedly to her parents, they never thinking that death was so near, although having been previously warned of the seriousness of her condition by the family physician, Dr. F. T. McClintic. She was the second daughter of Allen R. Kinnison and a most estimable young lady. Her spotless character, admirable disposition and unceasing devotion to life's noblest duties won for her the love and esteem of all who knew her. Her remains were interred in the Oak Groye cemetery in the presence of a large number of sorrowing relatives and friends.

AT Marlington, on the 4th, an exciting episode occured in the court room which for a time interfered with the administration of the public business. It appears that Enos Sharp, a disputable fellow, who had served a term in the pen, had threatened to give away the secrets of a gang of thieves operating on upper Knapp's creek and suspected of stealing and driving off sheep, cattle and other stock from the county. It was also said that Sharp would give evidence tending to show that this gang, or some of them, was guilty of a murder that had occurred in the county some years ago. Seeing Sharp standing at the door of the grand jury room waiting to be called. Scott Keeley, supposed to be one of the gang, lit into him with a buggy whip frailing him most unmercipally over the head. Sharp, frightened out of his wits, took refuge

him with a buggy whip frailing him most unmercipally over the head. Sharp, frightened out of his wits, took refuge in the main court room where a trial was in progress, Kelly being in hot pursuit, swearing like a trooper and plying the whip with tremendous energy. Hoping to escape, Sharp ran into the Judge's private room, Kelly still after him with the whip. Unable to escape he ran out again into the main court room and there Deputy Sheriff, Forest Hill, and several others seized hold of Kelly, threw him to the floor and after a severe struggle, got the whip from him by breaking it to pieces. He was taken to jail and the next day the judge sentenced him to 30 days confinement in jail for contempt of court. Jack Hook, who seemed to be backing Kelly in the assault upon Sharp, was on the latter's motion bound in the penalty of $500, to keep the peace, Sharp swearing that he feared Hook intended to do him bodily harm.

Pocahontas County Items.

We take the following items from the Pocahontas *Times* of last week:

Mr. Andrew McLaughlin, of Lewisburg, was in Pocahontas, this week. Mrs. C. Sydenstricker and Miss Mattie Curry have returned from an extended visit to relatives and friends in Greenbrier. Forest, young son of Mr. F. W. and Mrs. Annie Harper died Tuesday morning, aged about 16 years. Mrs. John E. Gum is very low with dropsy of the heart. During the past year John Bright raised 425 bushels of shelled corn with the hoe. The Development Company is having about 2,000,000 feet of lumber manufactured on Stamping creek, about 12 miles from Marlinton, which is to be hauled there. Last week was a good one for rafting, and Capt. Peters and Mr. Callison each took one out—Capt. Peters having a horse and buggy on his raft. Miss May Moore, daughter of Nelson Moore, was thrown from a horse on Sunday and fractured her skull; she is doing well and will probably recovery; she is about 16 years

tition for the organization of our county, is in comfortable health. She is verging on ninety years of age.

Personal Mention.

Mr. John E. Campbell, recently of the Pocahontas *Times*, has bought the Alleghany *Sentinel*, its plant and good will, and will hereafter publish the paper. He has bought the outfit of the *Blade*, which was published at Goshen for a time, and removed it to Covington. He will make the *Sentinel* an all home print and will enlarge and improve it in other respects.

Pocahontas County Items.

We take the following items from the Pocahontas *Times* of last week:

When the *Courier-Journal* offered its prizes for the best guess at the vote of the last campaign, Mr. Henry Barlow, of Edray, made a calculation on which to base his figures for the entire vote of the United States, for which $10,000 was offered to the nearest guesser. He set the amount down in a day-book and finds now that if he had sent it in, accompanied with the almighty dollars, he would undoubtedly have won the grand prize, having only missed the result 2 votes. Miss Lucy Kincaid is governess in Mr. Gay's family. Mr. Joseph Barlow, sr., fell on the ice and was badly hurt last week. Little Phil., son of Mr. Charles Yearger, died on 23rd ult., aged 2 years and 8 month.

MR. R. S. MCCARTNEY, special agent, shipped last Monday to Parkersburg a box containing 43 samples of products of the soil for exhibition at the World's Fair at Chicago, selected from the counties of Greenbrier, Monroe and Summers. They comprised some splendid specimens of corn, wheat, oats, rye, clover seed, timothy seed, &c.—This is the fourth shipment Mr. McCartney has made, one being a box of tobacco from Fayette county, which is said to be the best thus far produced in the State. Mr. McCartney has been canvassing the counties of Pocahontas, Greenbrier, Monroe, Summers and Fayette, and states that only one man has thus far asked payment for specimen products.—*Monroe Watchman.*

County Convention.

The Democratic County Covention, to nominate a candidate for County Superintendent, will be held here next Saturday, at 2 o'clock p. m. We have received reports only from one or two of the precinct meetings, but from information gathered from the people it appears that Mr. Lowance received a large majority of the vote. We hope to see the Convention well attended.

THE Pocahontas *Times* says Col. Jno. T. McGraw, of Grafton, was in that place on business last week. He came to meet Mr. T. C. Pfander, of Defiance, Ohio, who has just closed a contract for a large saw-mill in Pocahontas county, upon land in which both gentlemen are interested. The mill will probably be the largest in the State, having a capacity of 75,000 to 100,000 feet of lumber per day. It will be built on the bank of the Greenbrier river in the heart of a rich timber country. Both gentlemen were enthusiastic over the prospects of an extensive development of the resources of the south eastern part of the State. A branch of the C. & O. road will be completed next fall at which time the big saw-mill will be in operation.

GOOD NEWS.

MILL POINT, Pocahontas Co., W. Va., May 17th, 1893.

G. W. Graves, Alderson, W. Va.

DEAR SIR—The Geiser Taction Steam Engine and new Peerless Separator bought of you last summer moved itself from Ronceverte and all over Pocahontas county without the aid of a single horse. I thrashed 20,000 bushels of grain and could have done as much more but the grain was not in the county. I am delighted with it. It makes money for me, and saves the wheat and cleans it better than any machine that was ever in the county.—All the farmers are delighted. No thrasherman should buy any other.

Yours Respectfully,

JOHN L. CLEEK.

G. W. Graves, Alderson, W. Va.

DEAR SIR—The Geiser Traction Engine and new Peerless Separator were run by John Cleek in this section last season, (1892) and gave entire satisfaction to all the farmers. It moved itself over the rough roads and with ease and without any assistance. I have been running the mill for several years at this place and have to grind grain thrashed on all the machines and can say that none has come nearer cleaning the grain ready for the roller than does the Peerless. In my opinion the Peerless and Traction Engine is the machine for the farmers, thrashermen and millers of the country.

Yours Respectfully,

R. V. PERKINS.

Drowned in Greenbrier River.

Last Saturday afternoon, the 17th inst., Mr. Wallace Moore, book-keeper for Col. Driscol, at Ronceverte, went bathing with a number of friends in Greenbrier river. After swimming about for awhile, he suddenly sank and did not rise. His friends succeeded in getting him out in a few minutes, and every effort was made to bring him back to life, but without success. The doctor could discover little or no water in his lungs, and came to the conclusion that he died of heart failure. He was from Pocahontas county, and a son of the late Rev. James E. Moore. His body was taken to his home in that county last Monday, by Mr. Geo. Law, accompanied by Rev. W. H. Ballengee and wife, of Ronceverte, for burial.—Mrs. Ballengee is a sister of the deceased.

We were visited last week by an old-fashioned snow squall which shook our domicile from centre to circumference, and sifted snow in through every crack and cranney, and nipped our lettuce, turnip greens and wild flowers. It was of short duration, however, and with the exception of cold and frosty nights, the usual fine weather prevails.

The protracted meeting which Rev. Wm. E. Miller, of the M. E. Church, South, commenced at this place two weeks ago has resulted in the conversion of 30 souls. There are six penitents at the altar now and great interest is manifested. May the good work go on.

The axe struck his foot on the outside near the ankle, cutting back into the ankle and making a frightful wound. He was attended by Drs. Larue and Wallace. They think in all probability the limb will have to be amputated, but are employing every means to avoid it.

On the 6th inst., while out hunting, Messrs. D. C. Hill and Henry McMillion killed a large black snake, measuring 4½ feet. Mr. Wm. Gum, of this place, also killed a large garter snake on the same day.

Mrs. Etta Payne butchered and sold to Messrs. Overholt & Payne last week a turkey gobler that weighed 26 lbs net. Who can beat it?

Mr. M. Lee Peyatt, of Independence, Kansas, is visiting his parents, sister, and many friends. Mr. Peyatt left here at the age of 20 to try his fortune in the far West and has been gone 17 years. There was great rejoicing at the old home over his return after such a long absence. He expresses himself as well pleased with the western country, and has succeeded fairly in business there. He will remain here about six weeks before returning.

Hillsboro, Pocahontas. Items.

Some of our people are very much alarmed over a report one of our citizens brought in from the rural districts recently. He claims that while out hunting on the 2nd inst., he bagged a ground-hog in the full glare of the noonday sun. We think the carcass might have been brought in and put on exhibition, but as there is considerable snow on the ground now and the mercury nearly down to zero, we take it for granted that the little weather prophet was out, saw his shadow and received a death wound from the hands of the huntsman, We are sorry it ever entered the mind of our neighbor to engage in hunting on the 2nd day of February, as we consider the killing of a ground-hog on that day, (in bright sunshine,) the forerunner of dreadful storms and bad luck generally. Whereas we were cheerful and happy, we are now

filled with gloomy forebodings.

On last Wednesday your correspondent with many others witnessed the interesting spectacle of three large rafts of ash and cherry lumber floating down Greenbrier river. It was a sight worth looking at, and as one gazed at the huge fleets rising and falling on the wild waves, the power of water and the labor and ingenuity of man were forcibly brought to mind. The rafts belonged to Messrs. W. H. Overholt and C. W. Callison, and were safely piloted and landed in Ronceverte by Messrs, C. W. Callison, John Callison and Wm. Gum. The one manned by Mr. C. W. Callison contained 35,000 feet, the largest raft that has ever gone down the Greenbrier. Your correspondent had the pleasure of making the trip with Mr. Gum, and found him a very efficient pilot. There is considerable labor and danger involved in running a raft, but notwithstanding that a bad mishap hardly ever occurs, Going down we were struck with the beautiful scenery along the river. Every little while one meets with something to arrest attention and

quisitely picturesque, imprinted themselves on the mind with a charm which no lover of nature can soon let die.

It is with pain that we announce the death of Mr. Jacob McCarty, which occurred at his home near here on the 8th inst. He died of pneumonia, and was about 70 years of age. He was an honest upright man, and leaves many friends to mourn his loss. The bereaved members of the family have the sympathy of the entire community.

James Lee and Allen Pryor, two aged colored men, died last week, near Mill Point, of la grippe.

Mr. Sherman Kellison, who cut his foot badly with an axe some time ago, had to have it amputated last week, and is now lying in a critical condition.

There is more sickness here now than we have had for many years. One-third of our people are unable to go about, and there are many bad cases of la grippe and pneumonia. J. H. C.

Hillsboro. Pocahontas. Items.

The thermometer registered 6° below zero last Thursday morning—the coldest weather we have had. Ice was formed sufficiently thick for storing away, and those who have ice-houses filled them up.

Messrs. Whiting & Denning's log slides worked nicely during the freezing weather, and they succeeded in getting all their logs to their landing on the Greenbrier river. They are now ready for the "drive" as soon as there is water enough.

There is a great deal of sickness here, and some have been called to cross the dark river of death. Mrs. Mary Overholt, mother of our esteemed townsman, Mr. W. H. Overholt, died on the 6th inst., of pneumonia, in the 90th year of her age. Her remains were interred at Buckeye, beside those of her husband. Her husband served in the war of 1812. Mrs. Overholt was a noble woman, and her memory will linger long in the minds of those who knew her. For

M. E. Church, South, and died with the full assurance of a glorious immortality beyond the grave.

On the 4th inst. an infant son of Mr. Wm. and Mrs. Eveline Miller died of congestion, aged 11 months.

On the 3rd inst. James Baldwin, colored, died of consumption, aged about 34 years.

Mr. Stuart Boggs, who was working for Messrs. Whiting & Denning, had the bone of his left thigh broken, on the 3rd inst. He was attending to a log slide, when one of the logs running on it, gained such an impetus that it jumped from the slide, striking him on the thigh with the above result. Dr. F. T. McClintic set the broken limb, and reports the sufferer doing well.

Mr. Geo. Hill sold his farm recently to Mr. J. B. Kennison for $6,400.

Rev. W. E. Miller left here on last Sunday for Baltimore to attend Confering. Mr. Miller will preach for us but once or twice more, as he will be assigned to a new field of labor. During the four years that he has been with

but once or twice more, as he will be assigned to a new field of labor. During the four years that he has been with us he labored faithfully for the Master's cause, and was instrumental in accomplishing much good. But a short time ago he conducted two of the greatest revivals of religion we have had in many years. He has won his way to the hearts of the people and made many warm friends who are loth to part with him. The best wishes of the whole people will go with him to his new home.

Hillsboro is begining to look up a little. We have learned that Mr. W. H. As soon as the weather will permit our "city dads" will have a new plank walk made from the corner of Nicholas street to the Postoffice, and a calaboose is talked of near Mr. A. R. Smith's. Our townsman, Mr. J. R. Marshall, has rented a farm in Renick's Valley, Greenbrier county, and will move on to it soon. Mr. Marshall and family haye resided in our town for about 10 years and have made many friends.—We regret very much to see them go away, and wish them happiness and prosperity in their new home.

Mr. Wm. Hill will leave in about two weeks for Kansas, where he will remain next summer, and, then, go on to Washington and locate permanently.

and others desiring to prepare themselves for the duties of the School-room. One prime object will be to assist young teachers both in the prosecution of their studies and in the theory and practice of teaching. Therefore, special attention will be given to our Common and Normal School Curriculum. We have both had large experience in teaching, and Mr. Hayes is a graduate of the Concord Normal School. We shall aim to give systematic and thorough instruction, and to make the school first-class in every particular.

It is with a sad heart that we announce the death of Rev. M. D. Dunlap, which occurred at his residence near here on last Tuesday morning, the 24th ult., in the 83rd year of his age. He passed peacefully away, his last hours being attended with but little suffering.—Death resulted from kidney trouble and general debility, occasioned by old age. He leaves no family, his beloved wife and two children having gone on before. He leaves, however, a large circle of sorrowing friends and relatives here and in Monroe county.

Mr. Dunlap was born in Augusta county, Va., in the year 1809. At the age of 25 he graduated at Washington College with high honors, and was shortly afterward ordained as a minister of the Southern Presbyterian Church.

He was married in the year 1844, and he and his wife, a most estimable lady, came to this county in the year 1845. For 11 years he taught school here, during which time he also attended to his duties as pastor of the Oak Grove Presbyterian Church. As a teacher he gained great distinction and was the founder of the old Academy, one of the finest institutions of learning near here in that day, and from which the post-office at this place derives its name.

During his ministry, which covered a period of 40 years, he espoused the cause of his Master faithfully and zealously, and the Church prospered in his hands. How many of us remember the old brick Church that stood a mile south of here, and the able and stirring sermons that fell from the lips of Mr. Dunlap. He was one of the most exemplary christians we ever knew. If there ever lived a man that showed by his daily walk and conversation that he was trying to lead a true christian life that man was Mr. Dunlap. His life was made up of good deeds and his noble qualities of mind and heart have endeared him to every one who knew

was made up of good deeds and his noble qualities of mind and heart have endeared him to every one who knew him. He is gone but he leaves behind a shining record that will never die, but ever remain fresh and green on memory's page.

One Henry McDowell, in the employment of the St. Lawrence Lumber Co., was drowned in the Greenbrier river, about a mile above Bird's Mill Dam, on the 26th ult. He was on a log trying to steer it down the river, something he knew but little about, when he was drawn by the current into rough water and, being unable to keep his position on the log, fell off and sank beneath the treacherous waves never to rise again. The river is being dragged for the unfortunate man's body, but up to this time has not been found. He lived in Monroe county, and is about 35 years of age.

come of our Farmer's Alliance Store that was in contemplation some time ago. We hope that the Alliance is still alive to the importance of such a move and will not let fall it through. It only requires the united efforts and support of every member of the organization to insure its success. Let not one stand back, but let all come up and put their shoulders unflinchingly to the wheel and see if something cannot be accomplished. See if it does not pay. See if the extortionate prices that are exacted of us for everything we buy cannot be put down.

One day last week Mr. Madison Woods' house caught fire from a defective stove pipe, but fortunately the fire was discovered before it had made much headway and put out with but little damage to the building.

Mr. Samuel Sheets, the young man who had his leg taken off week before last, is doing very well. He is under the care of Dr. J. A. Larue.

Dr. Matthew Wallace, of Mill Point, who has been very ill is better, but still in a critical condition.

Miss Relia Clark, who has been away for quite a while teaching school, has returned to her home here.

Snow! Snow! Snow! The robin and the blue-bird have flown, the voices of the frogs are hushed and the blue sky and sunshine have vanished.

Hillsboro still continues to improve. Mr. C. W. Callison is building a large barn, Mr. W. H. Overholt is building a handsome addition to his store building, and the members of the M. E. Church, South, are talking of putting up a fine church. If the church be built, and we have every reason to believe it will be, it will add greatly to the looks and importance of our town. We stand at the head of our county, and many others in the State, for good churches and schools.

We have learned recently that the Farmers' Alliance have rented the old store building, known as the McNeil stand, on Nicholas street, and will put in a stock of goods soon. This is a move in the right direction.

Our prospects for a railroad in the near future are still good, and we hail it with delight, notwithstanding the fact a few frown upon it. The ques-

near future are still good, and we hail it with delight, notwithstanding the fact a few frown upon it. The question has already been asked, "Will a railroad better our condition?" We swer, "Yes," and ask if it will place us in a worse predicament than we are are in now. We are for railroads first, last and all the time.

Of the early settlers of Hillsboro there are but 2 living. Dr. Marshall Peyatt and Mrs. A. S. Clark. And three-fourths of the residents of the town, who are heads of familes, were not born in this county.

Mr. R. D. Cardwell, who married Mrs. Cynthia McNeil of this place, is lying very ill at his home in Roanoke, Va. Mr. R. W. Hill, of this place, is also suffering from a severe attack of grippe.

Dr. Matthew Wallace, of Mill Point, we are glad to learn is in a fair way to recover his health. He has been in a precarious condition for a long while.

Mr. T. M. Auldridge and family, living near here, will leave in a short time for Botetourt county, Va., where they expect to make their future home. We

Mr. T. M. Auldridge and family, living near here, will leave in a short time for Botetourt county, Va., where they expect to make their future home. We regret that they are going away, and wish them success in their new home.

Mr. Lanty Lockridge will leave here the 1st of next months for Ord, Neb., where his sons are living. Mr. Lockridge has many warm friends here who will be sorry to see him leave.

There has been a great deal of plowing done here, and large crops will be put out this season. Wheat gives promise now of a fair crop.

In our churches lately we have noticed some of our young people engaged in whispering, laughing and other misbehavior during services. This is very painful and annoying to those who attend worship in its true sense—to those who go in sincerity to listen to the word of God and be benefitted thereby. We hope our young people will bear in mind when attending church the solemn fact they are in the house of God and that any misconduct there will certainly lower them in the estimating of all good people. Gentility, good manners and good breeding are characteristics that are admired everywhere, and nowhere more than in the church. So, then, if you wish to be well thought of and not classed with the ignorant, the vulgar and low-minded, cultivate a spirit of reverance and good manners in the church. You will be better and happier for it.

Canvassing Pocahontas.

Last week Prof. C. E. Young, of the Lewisburg Female Institute, went up to visit the good people of Pocahontas in the interest of our female school at this place. On Monday of this week, Prof. B. E. Goode, Principal of the Greenbrier Seminary, at Alderson, went in the same direction. By the way, Prof. Goode has a clear field at Alderson now, the Alleghany Collegiate Institute and the Cottage Home schools having both closed indefinitely. Profs. Coffman and Gilmore started for Pocahontas Tuesday afternoon last to look after the interest of the Greenbrier Male Academy here. Prof. Gilmore will extend his visit into Randolph, Hardy, Pendleton and other counties of this State, and into the State of Maryland, returning through the Valley of Virginia. We wish them all success and that Pocahontas, Randolph and other counties in that part of the State may be well represented in our Greenbrier schools next session.

Hillsboro Male and Female Academy Commencement.

The Commencement Exercises of the Hillsboro Male and Female Academy were held in the Academy building Thursday and Friday, June 18th and 19th. In consequence of the house being too small to accommodate the crowd that usually assembles on such an occasion, notice had been given that only a limited number of people could be entertained, but notwithstanding such notice had been published, the people began coming in from all parts of the county twelve or fifteen hours before the exercises began, and when the hour for opening the doors arrived our little village was crowded with several hundred people.

In order that all might be accommodated, platforms were erected on the outside of the building and the windows were removed, thereby affording at least a partial view of the stage to those outside. The stage was handsomely decorated with pyramids of flowers and wreaths of evergreen, artistically arranged.

Promptly at 8 o'clock Thursday evening the exercises began, opening with prayer by Rev. D. S. Sydenstricker, D. D., after which came the regular pro-

gramme, as follows :

Calliopean Literary Society—young ladies' contest in debate for gold medal. Question—"Resolved that flattery is a more pernicious evil than slander." Affirmative—Misses Nora Kennison, Fannie Peck, Ida White, Lucy Smith, Alice McGlaughlin and Gertie Overholt; negative—Misses Delia Payne, Virgie Sydenstricker, Mattie Curry, Daisy Yeager, Mollie Sydenstricker and Lena Kennison.

Awarding of Medals.

The debate in which the young ladies contested for a medal was indicative of deep study upon the question. The arguments adduced were very strong on both sides, and scarcely admitted of discrimination, reflecting great credit upon all the participants, but victory could not crown the efforts of both sides, and Miss Gertie Overholt, of the affirmative, was awarded the medal.

Next came the declaimers' contest by eighteen young men. It would be impossible for us to describe the bewildering oratory and eloquence which characterized this contest. The declaimers after painting in flowers of rhetoric the beauties of earth, soared on wings of fancy beyond the skies, reveled amid the stars, and held the audience spellbound by their grandiloquence and beauty of diction. Again the contest was very close, but Mr. C. M. Anderson came out victorious and secured the medal.

fancy beyond the skies, reveled amid the stars, and held the audience spell-bound by their grandiloquence and beauty of diction. Again the contest was very close, but Mr. C. M. Anderson came out victorious and secured the medal.

It is scarcely worth our while to attempt to say anything in reference to to the speeches by Revs. Christopher and D. S. Sydenstricker upon education, especially where they are known—suffice it to say they were masterly addresses, and were listened to with the closest attention.

The afternoon exercises, consisting of calisthenics, drills, marches, &c., were an especially pleasing and entertaining part of the programme. All who participated acquitted themselves most creditably, and showed conclusively that they had received thorough training from the teachers in this line.

The half hour with the little folks was indeed enjoyable, and perhaps the most humorous of the entire exercises. They did nobly and won unbounded applause from the audience.

The half hour with the little folks was indeed enjoyable, and perhaps the most humorous of the entire exercises. They did nobly and won unbounded applause from the audience.

The contest by the Ciceronean Literary Society elicited as much interest as any feature of the programme. The question was one that requires a great deal of thought to be discussed intelligently, and the audience was anxious to know how the young Ciceros would acquit themselves. It was handled in a way that must have gladdened the hearts of the parents of the youthful debaters, and which would have done credit to older and more experienced minds. For an hour and a half they vied with each other for supremacy, and it seemed that both sides must win, but again was the affirmative successful, and the medal was awarded Mr. E. C. Eagle.

After this debate came the awarding

but again was the affirmative successful, and the medal was awarded Mr. E. C. Eagle.

After this debate came the awarding of medals, which, except those already mentioned, were given as follows: Scholarship Medal (Senior Class,) E. C. Eagle; Music Medal, Miss Virgie Sydenstricker; Orthography, Miss Mary Overholt; Scholarship Medal (Primary Department,) Miss Eva Moore; Prize in Penmanship, S. L. Hill; Prize in Orthography, Miss Virgie Sydenstricker.

The exercises throughout were interspersed with music, vocal and instrumental, led by Mrs. C. A. Brown and Miss Mary McNeel.

We wish to say, in conclusion, that the Hillsboro Male and Female Academy has been quite a success, steadily growing in favor since its first session. It is still under the management of Prof. C. A. Brown, B. A., of Emory and Henry College, assisted by Miss Grace Clark, a graduate of Lewisburg Female Institute. Miss Clark has charge of the Music Department, and is unquestionably one of the best music teachers in this section of the State. Parents cannot do better than to patronize this school, and we trust its future will be one of great prosperity.

Hillsboro Male and Female Academy.

In another column of this issue will be found an advertisement of this excellent school, of which Prof. C. A. Brown, A. B., a graduate of Emory and Henry College, Va., is Principal, with Miss Grace Clark, of Pocahontas county, a graduate of the Lewisburg Female Institute, as instructor in music. This school is situated in the pretty little town of Hillsboro, in the center of the Little Levels valley, one of the prettiest spots in the State, inhabited by an intelligent, kind and hospitable people—the town and surrounding country forming one of the most excellent communities in the State.—Church privileges are ample; a high moral tone characterizes the community; the sale of liquor is unknown, and Hillsboro has long been an educational center for the whole county. The aim of this school is to give the young men and ladies attending it thorough training in the classics, sciences, mathematics and higher English courses, and at a very moderate expense. Prof. Brown has had an experience of nine years in the school-room, and his aim is to prepare the young men who may attend the Academy so thoroughly that they may easily complete the college course in two years.

Letter from Pocahontas County.

HUNTERSVILLE, W. VA., Sept. 21st, 1891.

Editor Greenrbier Independent:

There are at present two factions in this county—those who favor and those who oppose moving the Court-house. From the tenor of his communication, your correspondent of last week belongs to the former faction. It is presumed that you have no reason for taking sides with either faction, desiring simply to state facts in your paper, except in those columns set apart for wit, humor, romance and, perhaps, politics (?) I, therefore, ask you to correct the statement of your correspondent that "our old Court-house has been condemned, and we will have to build a new one."

The Court-house here is small, but it has never been found too small to answer *the people of this couuty*, and but few, who are "native here and to the manor born," complain of it. Your correspondent is either ignorant of facts, and in that case should have been silent, or willfully caused the publication of an untruth. *Our Court-house has not been condemned*, and is not likely to be. Our taxes are high enough now, and our public buildings are good enough as they stand. Will you kindly correct the statement, which does our county an injustice. I have the honor to be yours truly,

The people of this county are considerably stirred up over the question of the removal of the Court-house to Marlinton. A great many are in favor of it, and a great many are opposed to it. Stump speeches, pro and con, will be made at every voting precinct in the county prior to the election, which is the 8th of December.

Rev. Chris. Sydenstricker is holding a good, old-time Methodist meeting on Bruffey's creek. On Friday night last there were 20 or more penitents, some of whom could not find places at the altar and knelt in prayer by their seats. The most intense interest was manifested, and many voices were raised in shouting. Six conversions have been reported.

Capt. D. A. Stofer, of Hunterville, was found dead in his room at Mr. J. C. Loury's hotel last Friday morning, about 8 o'clock. On Thursday night before the time for going to bed he was engaged in pleasant conversation with some of the guests of the house, and did not complain of feeling unwell.—He bade all with whom he had been conversing good-night and went to his room to retire as usual. Not appearing in the morning at breakfast time Mr. Loury went to his room to call him to breakfast, and found him lying still and motionless on the floor beside his bed. Suspecting that something was wrong, Mr. Loury hurried from the room and called in Dr. Patterson and others.—After an examination he was pronounced dead. An inquest was held and a verdict given that pleurisy was in all probability the cause of his death.—The covers of his bed were turned down

but he hadn't been in it. He hadn't taken off his clothes, and it is thought that he fell while arranging the covers of his bed and died without a struggle.—Capt. Stofer was 70 years of age. He practiced law in Huntersville for many years, and figured prominently in the affairs of the county. His kindness, scholarly attainments and sterling principles won for him the admiration and esteem of all who knew him, and his sad death cast a gloom over this and the community in which he lived.

Elijah N. Grant, colored, died at his home here on last Sunday, the 22nd, of heart-disease. He was about 35 years of age, of industrious habits and stood well in this community. By hard study he acquired a fair education and for many years taught the colored schools here. He was a notable figure in political affairs and a leader among the colored Republican voters of this district. Peace to his ashes.

THE Democratic primary election in New Orleans last Wednesday to elect delegates to the Louisiana State Convention resulted in a sweeping victory for the friends of the lottery. The total vote was 26,785, and the lottery men won by 11,147 majority, carrying every ward. The indications are that Judge S. D. McEnery, who has the support of the lottery element, will be the Democratic nominee for Governor.

She was insane and confined in the jail at Huntersville, awaiting removal to the Asylum at Weston.—She manifested no very bad symtoms until right lately, when she rapidly grew worse and ended her own life. She was a good old woman and well thought of. She has relatives living on the Vine mountain, near here, and her remains were taken there for burial.

On last Wednesday Mr. Dick Callison met with a bad accident. He had been in town making some purchases and was returning home when the team he was driving got frightened and ran away with him, breaking up his wagon and crippling one of his horses. Mr. Callison escaped with but slight injuries. His horse, although badly hurt, he thinks will get well.

joint discussion here on the 28th of November between Mr. C. F. Moore and Rev. Geo. P. Moore, regarding the removal of the Court-house to Marlinton. While we are not taking sides in the matter, and have due respect for "Occasional's" opinions, we must say that we beg leave to differ with him as to the discussion. For most certainly Rev. Geo. P. Moore was the man who made the telling speech on that occasion. "Occasional" was right when he spoke of him as a speaker of experience and acknowledged ability, and the reasons he gave for the removal of the county-seat were good ones and of far greater importance than those set forth by his opponent, Mr. C. F. Moore. Understand, we do not speak disparagingly of Mr. C. F. Moore. His argument was good, what there was of it. Four-fifths, at least, of the large audience who heard both sides of the question, and many of whom were men of sagacity, judgment and experience, and swayed by no prejudices, will bear us out in our statement.

On Wednesday night, when the true result of the election was ascertained, we had a big ratification in Hillsboro. Men and boys from every nook and cor-

ner of the Levels assembled, and, for enthusiasm, surpassed anything of the kind we have ever seen here. On a knoll in the suburbs south of town old barrels and boxes were piled up and a great bon fire lighted, which could be seen for miles around. In addition to this the crowd fired sky rockets, roman candles and sundry other fire works in profusion. After the fire works demonstration, which was exceedingly grand, the assembly, headed by the Hillsboro Cornet Band, marched through the principal streets of town and gave expression to their sentiments, by hurrahs for Marlinton. While we are for Marlinton and the railroad first last and all the time, we think it expedient to await future developments.
